RESOLUTION.

SIMLA, *the 9th July* 1867.

Read again the undermentioned papers bearing on the constitution of the Nizamut Deposit Fund:—

Despatch from Court of Directors, No. 19 dated 17th May 1854.
Letter to Government of Bengal, No. 28 dated 14th January 1862.
Despatch from Secretary of State, No. 30 dated 17th June 1864.

The Governor General in Council observes that the pecuniary provision for the Newab Nazim of Bengal and his family stands, under present arrangements, at an annual grant from the British Government of sixteen lakhs of Rupees. Of this amount seven lakhs constitute the personal allowance of the Newab Nazim. Out of the remaining nine lakhs, provision is made for other members of the family, and, after the satisfaction of this first charge, the balance goes to the formation of an accumulating fund, known as the Nizamut Deposit Fund.

2. Such, theoretically, is the constitution of the Nizamut Deposit Fund, as laid down in the letter from the Government of India to the Government of Bengal, No. 28, dated 14th January 1862, and confirmed by the orders of the Secretary of State, No. 30, dated 17th June 1864. In the latter document it is expressly declared that the accumulations of the fund "representing as they do the unappropriated portions from year to year of the sixteen lakhs stipend, unquestionably belong to the Nazim and his family, and can properly be expended only for their benefit."

3. But in practice His Excellency in Council has reason to believe that the principle above stated has not been acted up to, none of the savings caused by lapses of stipends among the body of pensioners paid out of the nine lakhs allotted to the Newab Nazim's relatives, have, with the exception of the Munnee Begum's stipend, been credited to the fund.

4. It was clearly the intention of the Government of India and of the Secretary of State that all such unappropriated balances should accrue to the fund; and, although some difficulty may be experienced in endeavoring at this late date to adjust the accounts in accordance with this rule, His Excellency in Council is of opinion that the work should at once be undertaken.

5. The Government of India is at present engaged in a general review of the affairs of the Nizamut, but no definition of the future status of the Newab Nazim's family can be arrived at until the Governor General in Council shall have obtained a clear statement of the accounts of the Nizamut Deposit Fund, brought up in the manner indicated above. It is obvious

therefore that the return required from the officers of account should be furnished to the Foreign Department with the least possible delay.

ORDERED, that a copy of the above Resolution be forwarded to the Financial Department for information and for the early issue of the necessary orders.

Secy. to the Govt. of India.

THE COMPTROLLER GENERAL OF ACCOUNTS.

Fort William, the 6th January 1868.

SIR,

In my office endorsement, No. 1429, dated 13th July last, on an application from the Foreign Department for a statement of the accounts of the Nizamut Deposit Fund, you were requested to give early attention to the matter. In a further communication received from that Department, it is stated that the matter presses; I am to request, therefore, that you will be good enough to cause the immediate submission of the required statement.

I have the honor to be,
SIR,
Your most obedient Servant,

ORDERED, that a copy of the above be sent to the Foreign Department for information, with reference to office memo. thence, No. 1270, dated 23rd ultimo.

FINANCIAL DEPARTMENT.

Calcutta, the 10th February 1868.

SIR,

I have the honor to acknowledge the receipt of your letter No. 128, dated the 6th ultimo, and in reply to state that, in view to the preparation of a correct statement of the Nizamut Deposit Fund, required by Government, extracts were made both in this office and in that of the Accountant General, Bengal,

from the books for the 26 years from 1835-36 to 1860-61, of journal entries exhibiting the pensions paid to the Nizamut stipendiaries and Rajmehal pensions, and, in order to ascertain lapses of pensions by demise of pensioners, the journal entries have been tabulated at present only for 12 years, in an alphabetical statement of pensioners.

2. As the books for the years from 1861-62 contain no detail of pensions, abstracts have had to be made from the vouchers. Two years' abstracts have yet to be completed in the Bengal Accountant General's Office, and it is feared it cannot be done in less than a month.

3. Every endeavor has been made in both the offices to expedite the preparation and submission of the statement called for by Government; but the ordinary strength of the two offices could not have done more than has already been done without serious prejudice to the current work.

4. The tabulation of the pensions for the remaining years will occupy two months more; and although the greatest possible care is taken in tabulating, yet it is apprehended in consequence of the difficulty attending the identification of names owing to variations in spelling in different months and years both in the books and in the vouchers, that the tabulation cannot be relied upon as correct, and still more that lapses cannot be accurately determined. A reference to the records of the Agent at Moorshedabad will perhaps be unavoidable, and as such reference should be made on the spot to make it reliable, the deputation to Moorshedabad of an officer and one or two assistants from this office seems necessary after the completion of the tabulation and the Budget work shall be over.

SIR,

I am directed to acknowledge the receipt of your letter No. 1158, dated 10th instant, regarding the preparation of a correct statement of the Nizamut Fund accounts, and in reply to state that the deputation of an officer and clerk to Moorshedabad is sanctioned.

2. I am further to state that, as the Accountant General's Budget work has been finished, he should be required to reinforce the establishment now employed in the preparation of the abovementioned accounts.

Fort William, the 23rd June 1869.

SIR,

I have the honor to forward copy of a report upon the Nizamut Stipend Fund Accounts made by Mr. Peachey, who was deputed to investigate the question at Moorshedabad in pursuance of Resolution of Government, No. 1127, dated 21st February 1868.

2. It will be seen on an examination of the report and of the statements by which it is accompanied, that great care has been bestowed on the enquiry which was of a very laborious kind. I regret to state that both Mr. Peachey and Baboo Preonath Dutt, who accompanied him, and whose services are highly spoken of, suffered severely for some time after their return from the fever prevalent in the District.

TO

E. F. HARRISON, ESQ.,

Comptroller General of Accounts.

Dated Rangoon, 8th June 1869.

SIR,

I have now the honor to submit the result of my review of the Agency Accounts of the Moorshedabad Nizamut.

2. It does not appear that there has ever been raised, either locally, *i. e.*, in Berhampore, or provincially in the Books of the Accountant General to the Government of India, or of those of the Accountant General to the Government of Bengal, any account which deals with the entire assignment of 16 lakhs* Sicca per annum; to this is mainly to be attributed the uncertainty, that has, up to this time, existed as to the amount of the lapsed stipends, to discover which was the principal object of my deputation to Berhampore.

* Co.'s Rs. 17,06,666-10-8.

3. To this cause also is due the impression of the existence of a large balance; and it has been asserted that an Agent, Governor General, reported in 1854 the existence of a sum, undrawn under this head, of nearly (24,00,000) twenty four lakhs of Rupees. The figures will prove that this is a misconception, the correct amount being Co.'s Rs. 6,11,264-13-10, which arose probably from the following circumstances:—

	Surplus.			Deficit.

Diffce:Co.'sRs.	6,11,264	13	10			

1*st*.—That no complete account was ever raised, as has been already stated in the 2nd para. of this paper.

2*nd*.—That Colonel Macgregor failed to observe that the accumulated lapsed stipends were subject to a deduction of 2 lakhs Sicca annually, *viz*.:—

1,44,000 the lapsed stipend of Her Highness the late Munnee Begum, and

56,000 the amount agreed upon in order to make up the annual sum of 2 lakhs Sicca.

4. Previous to 1836-37, there do not appear to have been any accumulations of lapsed stipends; there ought indeed to have been a large sum, but this large sum was regularly impropriated by His Highness the Nawab Nazim, who up to that date was the official dispenser of the entire 16 lakhs. Whatever the amount may have been, it is clear that the claim of the Nizamut Fund to the accumulations was commuted and condoned by the Government for a sum of Sicca Rs. 90,000; and this sum Co.'s Rs. 96,000 was paid over by His Highness the Nawab Nazim to the Agent, Governor General, in 1836-37.

5. To go behind this settlement was therefore unnecessary, I may say impossible, in consequence of the non-existence of the records of an earlier date. I have therefore taken the 1st May 1836 as a starting point.

6. The transactions referred to in this paper and its annexures appertain therefore to the period between 1st May 1836 and the 31st March 1868, the close of the last completed year.

7. At the starting point, all the funds, and there were several, had been already amalgamated into one which was entitled the "Nizamut Stipend Fund," and this fund consisted of the balance unexpended of the several funds that had been amalgamated, plus the annual sum which remained after deducting from the assignment of 16 lakhs Sicca the allowances of His Highness the Nawab Nazim.

8. The annual sum available for the purposes of the Nizamut Stipend Fund, was of course nearly the same year after year, as will be seen on reference to column 6 of statement A. annexed. In the years 1837-38 to 1847-48 there was a variation in consequence of an arrangement, under which a pensioner, whose stipend was chargeable upon His Highness' personal allowance, and not directly upon the assignment of 16 lakhs Sicca, received his allowances through the Agent, Governor General, instead of from the hands of His Highness the Nawab Nazim.

9. It may be advisable to state here that in this paper and its annexures, the absolute cash payments have been dealt with, the balances are therefore *bonâ fide* cash balances. The Nizamut Stipend Fund includes all the transactions excepting the payment of the allowances of His Highness the Nawab Nazim. The balance of the 16 lakhs Sicca and all other receipts of whatever sort or kind are increments of this fund, and the charges upon it are as follows:—

Nizamut Stipends.

Construction, Improvement and Maintenance of Works and Buildings.

Conservancy of His Highness the Nawab Nazim's Palace and its grounds, Co. Rs. 100 per mensem.

Conservancy of Public Roads, Co.'s Rs. 300 per mensem.

Conservation of an experimental Garden at Motee Jheel, Co.'s 100 per mensem.

Establishment at the Tombs of Her late Highness Munnee Begum, and His late Highness the Nawab Nazim Humayoon Jah, Co.'s Rs. 83-3-0 per mensem.

Allowances of the Nizamut College.

Allowances of the Nizamut School.

Medical attendance, Co's. Rs. 100 per mensem.

The pay and other expenses of the Agent, Governor General, the Dewan Nizamut and the Establishment at Berhampore and miscellaneous expenses which include—

Amount of Mr. H. S. Oldfield's salary, as senior merchant out of employ, officiating as Civil and Sessions Judge of Moorshedabad and a Member of a Special Political Commission from 22nd March to 27th June 1836.

Special Committee of Enquiry.

Value of Stores issued from the Arsenal at Fort William.

Allowance of Captain Ouseley attending His Highness the Nawab Nazim on his visit to Calcutta in 1840.

Entertaining His Highness the Nawab Nazim at the Presidency.

Cost of an Elephant presented to Nawab Syud Sufdar Ally Khan.

Interest allowed to His Highness the Nawab Nazim on cost of stables.

Fees for renewal of Government Promissory Notes.

Commission, Brokerage Deposit, and Withdrawal Fees, &c., &c., &c.

10. The following table exhibits at one view the total receipts and charges of the Nizamut Stipend Fund from 1st May 1836 to 31st March 1868 and the balances of that Fund on those dates :—

11. The amount of lapses of Nizamut Stipends shown in the account marked A., herewith submitted, is Rs. 36,15,545-1-4. To test the correctness of this figure, a detailed statement of lapses has been prepared from the letters of the Agents, Governor General, and the orders of Government thereon, from May 1836 to the end of June 1868; a summary abstract of which, herewith submitted marked B., shows that, including the stipend of Her Highness the late Munnee Begum, the lapses amount to Rs. 1,03,88, 451-11-3. Deducting from this sum

Rs. 68,08,888-14-3 on account of the Two Lakh Fund, that is of the Fund formed from the lapsed stipend of Her Highness the late Munnee Begum Sicca Rs. 1,44,000, and from other lapses aggregating Sicca Rs 56,000 a year (*vide* orders of Government, dated 28th February 1823), the amount of lapses which have accrued is Rs. 35,79,562-13-0, being only Rs. 35,982-4-4 less than the sum taken in the account as lapses, but which in reality is as noted in para. 9 the amount of *bonâ fide* savings, that is, the difference between the amount payable and the sums actually disbursed.

12. It must be remarked that, although under orders of Government, dated 12th January 1836,* the rate of exchange for the conversion, from Sicca into Company's Rupees, of all Nizamut stipends was fixed at Rs. 106-10-8, yet in the accounts of the Nizamut Stipend Fund, formerly kept in the office of the late Accountant General to the Government of India and now in the Office of the Accountant General Bengal, the lapsed stipend of Her Highness the late Munnee Begum Sicca Rs. 1,44,000 per annum has been credited at the exchange of Rs. 104,-8-0 under orders of Government dated 9th† September 1835 No. 847. These orders however do not in any way affect the Nizamut stipends, as those dated 12th January 1836 were specially passed for them.

Copy annexed marked C.

† Copy annexed marked D.

13. The items, Conservancy of Roads, Killah drains, Garden at Motee Jheel, Medical attendence, Tomb expenses of Munnee Begum and Hoomayoon Jah, Nizamut College and School, Law expenses, and House-rent paid to poor members of the Nizamut family do not call for any remark.

14. The charges under Minority claims are for the payment of the debts incurred by the Nizamut during the minority of His late Highness Nawab Hoomayoon Jah, and the salary and donation granted to Rae Parsenath Bose, who was employed in settling the Minority accounts.

15. The expenditure shown under Donations is on account of grants allowed from the Fund to Nizamut stipendiaries to enable them to defray either their own or their daughter's marriage expenses, to liquidate their debts, and to either build or purchase houses for themselves.

16. On referring to the Statement marked E., it will be seen that the bulk of the expenditure under "State ceremonials" is on account of the marriages of a daughter of the late Nawab Nazim in 1837-38, of the present Nawab Nazim in 1845-46 and of his two daughters in 1867-68; and for the visit of the three sons of His Highness the present Nawab to England. The charge under this head "State ceremonials" of Rs. 86,056-9-11 in 1849-50 and 1855-56 was an adjustment in those years of the amount disbursed in 1838-39 for the funeral of His late Highness Nawab Hoomayoon Jah and the accession to the musnud of the present Nawab Nazim Syud Munsoor Allee.

17. The fixed monthly payment of Rs. 100 for Killah repairs has been included among the charges on account of Nizamut buildings, the details of which are given in the accompanying Statement marked F. It will be seen that of the total expenditure under this head the principal items are, construction of the palace at Moorshedabad, which was commenced several years before the point, *viz.*, 1st May 1836, from which my enquiry begins, Rs. 10,03,020-2-8; the Nizamut College building Rs. 76,379-11-3; the Imambarah for His Highness the Nawab Nazim, and out-offices of Nujeeboonissa Begum Rs. 1,50,000, and the stables which were erected at a cost of Rs. 1,39,599-7-9 during the minority of the present Nawab Nazim.

18. The sum spent for the investment in Government Securities from 1st May 1836 to 31st March 1868 is Rs. 11,45,525-9-0, while the amount received during the same period as sale proceeds of Government Securities is Rs. 3,43,808-3-9, making the net amount of investment Rs. 8,01,717-5-3, for which Government Promissory Notes of the nominal value of Rs. 8,92,255 (*vide* statement marked G.) have been obtained and added to the balance of Government Securities in the hands of the late Government Agent on 1st May 1836, *viz.*, Rs. 11,92,745, making an aggregate of Rs. 20,85,000-0-0, and for that amount Government Securities of the under-mentioned Loans are now in the custody of the Bank of Bengal:—

		Rs.
1824-25	Four per cent. Loan	1,000
1828-29	Ditto	13,300
1832-33	Ditto	7,85,000
1835-36	Ditto	2,08,500
1842-43	Ditto	7,88,100
1854-55	Ditto	1,00,900
1854-55	Five per cent. P. W. Loan	30,500
1856-57	Five per cent. Loan	92,000
1859-60	Five and half per cent. Loan	64,800
		20,85,000

19. It has been the practice to grant loans without interest to Nizamut Stipendiaries; these loans are usually repaid in ten monthly instalments, and there is always a part of the balance inefficient from this cause. In a single year as much as Co.'s Rs. 84,898-5-4 appear to have been advanced in this way; on one occasion, a loan was permitted to a stipendiary of Rs. 76,615-8-8; this was repaid many years ago. There are no other loans of such large amounts, but considerable sums used to appear frequently in one month, for instance items of 11,333-5-4, 12,900, 10,160, 20,000, 10,050, 12,000 and 10,200 occur; and they are sometimes as low as 40. It does not necessarily follow that there was only one recipient in each of the seven cases just quoted, and this loan system is adverted to only because it proves that the balance, whatever it may have been, was not necessarily lying idle, there being this continual call upon it. The transactions under this head are however of much smaller amount than formerly, only one instance occurs since 1858-59 (9 years) of more than 10,000 having been loaned in any one year; whereas previous to that date, *i. e.*, from 1836-37 to 1858-59 (23 years), there were nine instances, the smallest amount (above 10,000) loaned in one month being 10,160, the largest 49,000. From this, it is clear that in those days a considerable portion of the balance of the Nizamut Stipend Fund was employed in this way.

20. The amount of loans granted to the members of the Nizamut Family from May 1836 to March 1868 is Rs. 3,54,664-4-8, while the recoveries on that account during the same period aggregate Rs. 3,69,573-4-0, being in excess of the former to the extent of Rs. 14,908-15-4. This excess of recovery is in consequence of the outstanding balances on 1st May 1836, which were realized in 1836-37 and subsequent years. The amount of the loans, granted during 1866-67 and 1867-68, which were not repaid up to the 31st March 1868, is Rs. 5,802, of which Rs. 4,900 would be repaid in monthly instalments of Rs. 300 by Syud Ameer Ally, eldest son of Nawab Jaffer Ally Khan, who was allowed a loan of Rs. 10,000 under orders of the Government of Bengal, dated 10th August 1866, for the liquidation of his debts; and the balance Rs. 902 would be recovered from Sooltan Mirza Ibrahim, Ushruffoonissa Begum, Syud Mobaruck Ally, Ladlee Begum, and several other Stipendiaries.

21. While on this subject, it must be observed that the amount of loans recovered shown in the foregoing paragraph includes a sum of Rs. 48,277-5-4 in repayment in full of the loan of Rs. 76,615-8-8 granted to Syud Assadoollah Khan in 1837-38 and 1838-39 for the liquidation of his debts. The stipend due to Syud Assadoollah Khan from January 1836 to 31st July 1837 (the period during which it was under temporary reduction, but subsequently restored), was Rs. 89,173-5-4, of which he and his family received Rs. 40,896, and the balance Rs. 48,277-5-4 was allowed to remain undrawn in part satisfaction of the above mentioned loan of Rs. 76,615-8-8, but has never been so adjusted either in the Agent's accounts or the Calcutta Books. The remainder of the loan was repaid in 1837-38 in monthly instalments of Rs. 2,026-10-8, which aggregated Rs. 28,373-5-4. A sum of Rs. 35-2-0 as per margin was thus recovered from Syud Assadoollah Khan in excess of what was due from him.

	Rs.	A.	P.
Undrawn Stipends ...	48,277	5	4
Cash Recovery	28,373	5	4
	76,650	10	8
Amount of Loan granted ...	76,615	8	8
Excess recovered	35	2	0

22. The "Nizamut Agency Deposit Fund" was established in the year 1816 from the lapsed stipends of Her Highness the late Munnee Begum. The Begum died in the year 1813, and in 1816 Government concerted a plan with the Nawab to establish a Fund out of her lapsed stipend which had been unappropriated from the time of her death to the 31st August 1816, and other monies &c., in the hands of her Dewan for the purpose of defraying the expenses of a new establishment for the superintendence of the affairs of the Nizamut. The Government Securities purchased with the money so provided amounted to Rs. 7,10,600.

23. In 1817 the Accountant General to the Government of India was instructed by the Government to take the necessary measures for having these securities invested as the property of the Nizamut, the interest on them being assigned for the payment of certain special charges as follows :—

	Principal.	Interest per Annum.
	Rs.	Rs.
For paying the salary and the Office Establishment of the Agent to the Governer General at Moorshedabad ...	7,01,000	42,060
For the charges af an Establishment at the Tomb of the late Munnee Begum	9,600	576
	7,10,600	42,636

24. The Collector of Moorshedabad was at the same time authorized to pay the salary and establishment of the Agent to the Governor General at Moorshedabad and the charges of the establishment of the Munnee Begum's tomb monthly, at the above rates; and the Accountant General was also instructed to transmit the Government Securities above mentioned to the Collector of Moorshedabad, with instructions to balance in his accounts the interests due on them half-yearly, against the monthly payments which he had been authorized to make as specified above.

25 In the year 1822-23 another Fund designated "Munnee Begum's *Deposit Fund*" was formed from the investment in Government Securities of a further sum of 6 lakhs, being a portion of the accumulations of the late Munnee Begum's Stipend from the 31st August 1816, the date on which the former investment of Rs. 7,10,600 was made to the 28th February 1823. In directing this investment the Government desired, in letter dated 28th February 1823, that the Accountant General should instruct the Collector of Moorshedabad to keep the account of this Deposit and of all further accumulations of the same stipend entirely distinct from other deposits made occasionally in his Treasury on account of the members of the Nizamut under temporary arrangements of various kinds.

26. In the order dated 28th February 1823 quoted above, the Persian Secretary to Government instructed the Government Agents then styled *"Agents for the management of Government Securities"*, that the interest that may accumulate on the securities purchased with the 6 lakhs mentioned above, be reinvested as received, and the paper to be at the disposal of Government as it may be required for purposes connected with the Nizamut.

27. In a letter dated 10th July 1829 from the Secretary to Government to the acting Agent to the Governor General at Moorshedabad, the Right Hon'ble the Governor General in Council observed, that it was clearly intended when the arrangements of 1816 and 1817 were framed that the entire charge of the office of Agent to Governor General at Moorshedabad should be defrayed from the Nizamut Funds, and as the sum orginally set apart for the purpose has proved insufficient owing to the fall in the rate of interest, it followed as a matter of course, that the deficiency should be supplied by the appropriation of a further portion of the Nizamut money to that object. The Accountant General was accordingly instructed to add to the principal of the Deposit made in 1816-17 such a portion of the Nizamut Fund which had since accumulated either in the hands of the Government Agents or the Treasury of the Collector of Moorshedabad as would produce a capital sum equal at the rate of 5 per cent. interest, to the full payment of the Agent's salary and establishment as then constituted.

28. But on a representation of the Accountant General dated 16th November 1829, the Government of India authorized him in orders dated 20th idem to charge to the Nizamut Deposit Fund the difference, whenever the receipts on account of interest fell short of the annual charge for establishment; this mode of adjustment being considered better than setting apart a sum to provide for the establishment and contingencies which are liable to fluctuation.

29. Under this order, the deficiency in the assets of the Nizamut Stipend Establishment (*i. e.*, the Agency Fund) was adjusted in the books of 1828-29 to 1837-38 by transfer to the Nizamut Stipend Fund, *i. e.*, the Nizamut Deposit Fund. In the books of 1838-39 and 1839-40 no such transfers appear; but in those for 1840-41, 1841-42 and 1842-43 they again recur. In the books of 1843-44 the nominal distinction between the two funds was entirely done away with, and only one head of account, *viz.*, Nizamut Stipend Fund retained in the books of the Government of India.

30. It appears from the letter from the Accountant General, Fort William, to the Secretary to the Government of India, Political Department, dated 16th December 1837, that the several funds, "Nizamut Deposit Fund," "Nizamut Stipend Fund" and "Nizamut Fund" were consolidated so far back as the 1st of March 1836.

31. The total amount of charges on account of the salary, establishment and contingencies of the Agent Governor General, Moorshedabad, from 1st May 1836 to 31st March 1868 is* Rs. 15,97,895-7-9, being at the rate of Rs. 49,934 a year or Rs. 7,874 a year more than the amount of interest originally calculated as a covering sum for the Agency Establishment.

* *Vide* Statement marked H.

32. There has been some irregularity in the exhibition of the charge for the allowances of the Agent Governor General, permanent and officiating, on occasions when the appointment was filled by Military Officers. Sometimes the entire allowance was charged, but at other times the Military Pay has not been charged, and consequently has been exhibited in the accounts not as a charge of the Moorshedabad Agency but of the Army of India. It has too been alleged on behalf of His Highness the Nazim that the entire pay of the Agent Governor General has been charged against the Fund whether there was a permanent incumbent of the office or not. This is entirely a misconception, no payment is exhibited without the authority of an audited bill which is sometimes at the rate of Co.'s Rs. 500 per mensem the authorized Deputation allowance, sometimes at the rate of Co.'s Rs. 3,000, the authorized allowance of a permanent incumbent and sometimes the charge is as has already been shewn reduced unduly in the amount of the Military pay of the incumbent or the officer serving on deputation. Besides, after all the Nizamut Stipend Fund is not charged with the whole cost to the Public of the Civil, Military and Uncovenanted Officers who are employed in the Moorshedabad Agency, seeing that it contributes nothing towards pension. Neither is any charge made for a share of the Charges General of India, to wit Government, provincial and local accounting; audit, &c., &c.

33. It must be observed that the net pay of Military Officers who held the office of Agent Governor General, Moorshedabad, hitherto not charged to the Nizamut Stipend Fund has in the account herewith submitted been debited to that Fund and included among the Agency charges as detailed in Statement marked H.

34. The annexed Statement marked J, contains details of the Miscellaneous charges which amount to Rs. 1,46,103-12-6. This sum includes Rs. 93,900 for interest allowed to His Highness the present Nawab Nazim on the cost of stables which were built during his minority.

35. The balance of the Nizamut Stipend Fund on 31st March 1868 invested in Government Securities and lodged at the Bank of Bengal as noticed in paragraph 18 is Rs. 20,85,000, and that *uninvested* as shewn in the account now prepared is Rs. 66,06,769-6-7, while that exhibited on the books of the Accountant General, Bengal is Rs. 10,73,507-15-4. The difference Rs. 55,33,261-7-3 arises from the inclusion in the present account under Receipts of lapses of Nizamut Stipends to the extent of Rs. 55,22,033-15-7 and from the conversion of the stipend of Her late Highness Munnee Begum being now made at 6-10-8, instead of 4-8, per cent. as noticed in paragraph 12, by which the credits of the Fund have been increased by Rs. 87,040-0-0. On the other hand, the charges include the amount of cash subscriptions to the Imperial Loans in 1858-59 and 1859-60 of Rs. 42,100, and the net pay of Military Officers who held the appointment of Agent Governor General, Rs. 47,643-4-0 neither of which were debited to the Nizamut Stipend Fund.

	Co.'s Rs.	A.	P.
Balance of 16 Lacs Sa. ...	36,15,545	1	4
Lapse of 56,000 Sa. Rs. per annum included in the 2 Lac Fund	19,06,488	14	3
TOTAL ...	55,22,033	15	7

36. Credit for Rs. 48,277-5-4 (*vide* para. 21) has been taken for the repayment in full of the loan granted to Nawab Syud Assadoollah Khan, and all credits and debits on account of Deposits of Nizamut stipendiaries have been thrown out because such deposits do not belong or in any way appertain to the Fund.

37. On the other hand, no mention of regular charges, *i. e.*, regularly recurring charges, such as the Tomb expenses of the late Munnee Begum and Hoomayoon Jah, Killah repairs, Killah drains, &c., and of which there is ample proof of regular payments, is found for several consecutive months, *i. e.*, the requisite debits were not under Nizamut Stipend Fund in the Calcutta Books. I have therefore made the necessary additional debits based on the analysis made at Berhampore from the Books of the Agent, Governor General, and the available records of the Collector of Moorshedabad.

38. To sum up in a few words the facts appear to be as follows:—*viz.*—

To the Nawab Nazim now in England, I find there is due at the closing date embraced in this report, nothing.

The Balance of the Nizamut Fund to the credit of that Fund which now includes all the other Funds is Rs. 66,06,769-6-7.

That the Agency Fund cannot stand alone, and would, if separately stated, be insolvent.

39. The assistance rendered to me by Baboo Preonath Dutt was invaluable. Mr MacMillan and Baboo Gooro Churn Bose of the Agent Governor General's Office and Baboo Poollin Beharee Chackee, Accountant in the Moorshedabad Collectorate Cutcherry rendered me considerable aid, but all the local assistants are but of short service there and know nothing of the past. Baboo D. Teagiah's researches in Calcutta were of great assistance, and Mr. Sampson rendered considerable aid.

ANNEXURE C.

Dated 12th January 1836.

From—W. H. MACNAGHTEN, ESQ., *Secy. to the Govt. of Bengal*, POL. DEPT.,

To—J. A. DORIN, ESQ., *Accountant, Revenue Dept.*

I am desired by the Hon'ble the Governor of Bengal to acknowledge the receipt of your letter, dated the 30th ultimo, submitting copy of a letter from the acting Collector of Moorshedabad requesting to be informed at what rate the Nizamut allowances are to be paid.

2 In reply, I am directed to acquaint you that the Stipend of the Newab Nazim and the Nizamut Pensioners having formed matter of express engagement in a Treaty, the amount agreed in the Treaty to be paid to them in Sicca Rupees should be discharged at the intrinsic value of that coin or at Rs. 6-10-8 per cent.

3. Endowments and charitable allowances, and generally all voluntary grants, not specifically provided for by Treaty are to be paid at the rate of Commission heretofore established, that is 4-8-0 per cent.

ANNEXURE D.

No. 847, dated, Council Chamber, 9th September 1835.

From—G. A. BUSHBY, ESQ., *Secy. to the Govt. of India*, FINL. DEPT.,

To—R. H. TULLOH, ESQ., *Civil Auditor.*

I am directed by the Hon'ble the Governor General of India in Council to desire, that you will audit all salaries, allowances and pensions for the month of September and thenceforward in the new Currency established under Act No. 17 of 1835, the rate of conversion from the Sicca to the Company's Rupee to be the same as that which has always obtained in the conversion from Sicca to Sonats, *viz.*, 104½ Sonats for 100 Siccas. This rate is not to apply to salaries fixed by Acts of Parliament, excepting only in respect to the salaries of the Governor General and Members of the Council of India, who forego their local claim to the Intrinsic Exchange.

2. The payment in Sicca Rupees until the Treasuries be supplied with the Company's Rupees will of course be made at the same rate of Conversion. That is to say, where there may be no Company's Rupees, the re-conversion of an audited Bill from Company's into Siccas will be at the same rate at which it was converted from Siccas into Company's, *viz.*, 4½ Difference.

No. 2270, dated Simla, 31st July 1869.

From—R. H. HOLLINGBERY, ESQ., *Asst. Secy. to the Govt. of India*, FINANCIAL DEPT.

To—*The Comptroller General of Accounts.*

I am directed to acknowledge the receipt of your letter No. 455, dated 23rd June 1869, forwarding copy of a report by Mr. Peachey on the Agency Accounts of the Moorshedabad Nizamut.

2. According to the report (para 35) the Nizamut Stipend Fund had or ought to have had, on 31st March 1868, a balance of Rs. 66,06,769-6-7, exclusive of Government Securities, while the amount actually at credit of the Fund on that date in the Books of the Accountant General, Bengal, and for which the Government is liable, is Rs. 10,73,507-15-4. Both these represent an uninvested balance, and the larger sum is the balance of an account, which Mr. Peachey has confined strictly to actual Cash transactions.

3. If this Account be one outside the Government Accounts of the Treasury at Berhampore and the Accountant General, Bengal, it should be explained where the difference of Rs. 55,33,261-7-3 is lying in Cash. If, on the other hand, the balance of Rs.66,06,769-6-7 is one which ought to exist in the Government Books, at the credit of the Nizamut Fund, the large discrepancy between Mr. Peachey's conclusion and the books of the Accountant General, Bengal, should be fully explained.

4. If the 35th para. of Mr. Peachey's report is to be regarded as the explanation of this discrepancy, and if that para. is rightly understood to mean that the difference of Rs. 55,33,261-7-3 consists chiefly in Mr. Peachey having credited, and the Bengal Accountant General having omitted to credit the Nizamut Fund, with the annual accounts of certain lapsed stipends, then a further explanation is still necessary.

5. If the amount of 16 lakhs Siccas has been annually charged to the General Revenues, then the Bengal Accountant General's omission to credit the Nizamut Fund with the lapses out of the 16 lakhs must imply that the amount of the lapses was paid in Cash to some Account outside the Government Accounts, thus raising the enquiry which is made in my 3rd paragraph.

6. If, however, no such Cash payments for the lapses was made to an Account outside the Government Accounts, then the Accountant General Bengal's omission of credits for them to the Nizamut Fund must imply corresponding short payments from the General Revenues of the annual charge of 16 lakhs Siccas which includes the lapses.

7. But Mr. Peachey's Account A is not reconcilable with the latter supposition. It may be thus summarised, *viz.*:—

	18 years, from 1st May 1836 to 30th April 1854.	14 years, from 1st May 1854 to 31st March 1868.
	Rs. A. P.	Rs. A. P.
RECEIPTS—		
Opening Balance	10,21,576 15 7	25,81,239 12 0
Interest	11,89,034 8 7	10,82,326 12 3
Other Receipts	52,19,936 3 0	61,25,493 1 1
TOTAL RECEIPTS OF PERIOD ...	64,08,970 11 7	72,07,819 13 4
TOTAL	74,30,547 11 2	97,89,059 9 4
DISBURSEMENTS	48,49,307 15 2	31,82,290 2 9
Closing Balance	25,81,239 12 0	66,06,769 6 7

8. In the second period, the balance increased from 25¾ lakhs to 66 lakhs. This cannot have arisen chiefly from short payments out of the General Revenues, for according to the Finance and Revenue Accounts of that period, which are at hand for reference, the sum charged to the Revenues of India for the stipends and allowances of the Nizamut from 1st May 1854 to 31st March 1868, amounted to Rs. 2,32,82,714, while the full charge of 16 lakhs a year Siccas for fourteen years (less one month short in 1866-67) should have been Rs. 2,37,51,111, showing a short payment of only Rs. 5,18,397. You will be good enough to report the further short payment in the antecedent period from 1st May 1836 to 30th April 1854.

9. The fact of Rs. 5,18,397 having been short paid from the General Revenues in the fourteen years, from 1st May 1854, militates against Mr. Peachey's conclusion, that he can have deduced the whole balance appertaining to the Nizamut Fund from purely Cash Accounts, which yet are exclusive of that short payment, while the fact of *only* Rs. 5,18,397 having been short paid militates against any supposition that the Government liability for assets of the Nizamut Fund can have *increased* from 1st May 1854 to 31st March 1868 by above 40 lakhs, while the Bengal Accountant General shows the *whole* liability on 31st March 1868 at only 10¾ lakhs.

10. These wide discrepancies between the Finance Accounts and the Bengal Accountant General's Books on the one part and Mr. Peachey's annexure on the other part, raise a doubt whether the Agency Accounts of the Moorshedabad Nizamut, on which he has reported, can (unless proved by an actual cash balance outside the Government Treasuries) be accepted as the proper record of the state of the Nizamut Funds.

11. Mr. Peachey's annexure A is exclusive of invested balances, yet he opens it with a Cash Balance of Rs. 10,21,576-15-7 on 1st May 1836, although he states in his 4th para. that before that date, there do not appear to have been any accumulations of lapsed stipends, such lapses having been regularly unappropriated by His Highness the Nawab Nazim, who up to 1st May 1836 was the official dispenser of the entire fund, and who on the separate funds being amalgamated, simply paid over Rs. 96,000, which sum Mr. Peachey has credited as a receipt of 1836-37 in his annexure A.

12. Hence, as there were no accumulations of lapsed stipends, the consolidated fund should apparently have opened without any Cash Balance, and it should be explained how the sum of Rs. 10,21,576-15-7 was obtained.

13. From lapses before 1st May 1836, the Nizam had it seems set apart—

1st.—Rupees 7,10,600 in Government Securities in 1816, to provide for the expenses of the Governor General's Agency.

2nd.—Rupees 6,00,000 in Government Securities in 1823, in order that the interest thereon should be invested, and the whole be allowed to accumulate for disposal by Government for purposes connected with the Nizamut.

14. The principal merely of these two investments amounts to Rs. 13,10,000, and if any interest on the second item, after deducting any payments, was invested during any part of the long period from 1823 to 30th April 1836, the aggregate capital sum invested, would have exceeded Rs. 13,10,000. Yet according to Mr. Peachey's report, the amount of Government Paper on 1st May 1836 was only Rs. 11,92,745. It is necessary that a history of the several funds which were from time to time amalgamated in the present Nizamut Fund should be given, so as to show how the only assets on 1st May 1836 were Rs. 11,92,745 in Government Securities.

15. In his Statement A and in the abstract thereof, para. 10 of the report, Mr. Peachey takes account of a two Lakh Fund; but he nowhere explains the origin or nature of the fund. It is conjectured that a lump sum of two lakhs a year out of lapsed stipends is paid from the Berhampore Treasury, and that from this source and from the interest on invested balances, certain local payments of the Nizamut are disbursed; but full information on this point and a report on the necessity for continuing the fund are requested.

16. It deserves consideration, whether for the future the whole 16 lakhs a year Siccas should not be charged in lump or monthly instalments to the General Revenue by a credit to the Nizamut Funds, while all payments in detail, including the allowance of the Nawab Nizam, are made from that fund. There would then be no detail payments from the General Revenues for lapsed stipends.

17. I am to request further that you will be good enough to satisfy yourself, whether the whole expenditure on account of Nizamut Buildings, which may have been accounted for to the Public Works Department, has been charged to the Nizamut Fund.

18. The original papers received with your letter under acknowledgment, are herewith returned for re-transmission with your reply.

FROM

E. F. HARRISON, Esq.,

Comptroller General of Accounts,

To

R. B. CHAPMAN, Esq.,

Offg. Secy. to the Govt. of India,

FINANCIAL DEPARTMENT.

Fort William, the 7th March 1870.

SIR,

I have the honor to acknowledge Mr. Assistant Secretary Hollingbery's letter No. 2270, dated 31st July last, with enclosures, requiring information on certain points in connection with the account of the Nizamut Stipend Fund from 1st May 1836 to 31st March 1868, prepared by the late Mr. Peachey and submitted to Government with my letter No. 455, dated 23rd June last.

2. The points are—

1*st.*—The cause of the large discrepancy of Rs. 55,33,261-7-3, which exists between the closing unappropriated balance on 31st March 1868, as shown in Mr. Peachey's report, Rs. 66,06,769-6-7, and that exhibited on the books of the Accountant General, Bengal, Rs. 10,73,507-15-4.

2*nd.*—How and where the amount of the difference, Rs. 55,33,261-7-3, has been lodged and kept.

3*rd.*—Difference between the amount of lapsed stipends shown in Mr. Peachey's account and that calculated from data furnished in the Finance and Revenue Accounts of India, annually submitted to Parliament.

4*th.*—Opening balance in Mr. Peachey's account how obtained.

5*th.*—Discrepancy between the original investments in Government Securities and the amount of such Securities held in balance on 30th April 1836.

6*th.*—History of the several funds created for the Nizamut family.

7*th.*—Verification of the charges for Nizamut buildings shown in Mr. Peachey's account, by the debits on that account in the books of the Public Works Department.

8*th.*—How the 16 lakhs of Sicca Rupees a year should be charged in future against the general revenues.

3. With a view to enable Government to secure a complete and clear understanding of the state of the funds ordered to be created from time to time for the benefit of the Nizamut family at Moorshedabad, and to judge of

the correctness or otherwise of the account prepared by Mr. Peachey, I shall first review all that has been ordered and done in respect to the several funds forming the present "Nizamut Stipend Fund."

Origin of the assignment of 16 lakhs of Sicca Rupees.

4. In 1765, the Emperor Shah Allum conferred the revenues, or revenue administration of the Provinces of Bengal, Behar, and Orissa on the East India Company on certain conditions, one of which was that there shall be a sufficient allowance out of the revenues of those Provinces for supporting the expense of the Nizamut, that is, the dignity and family of the Nazim, including his relations and dependants; and the Nawab Nazum-ood-dowlah, son of Meer Jaffir Alli, agreed to accept the sum of Sicca Rs. 53,86,131 annually, *viz.*, the sum of Sicca Rs. 17,78,854 for his household expenses, servants, &c., and Sicca Rs. 36,07,277 for the maintenance of such troops, burkundauzes, &c., as might be thought necessary.

5. On the death of Nawab Nazum-ood-dowlah and the accession of Nawab Syef-ood-dowlah in 1766, the Nizamut allowance was reduced to Sicca Rs. 41,86,131-9-0 a year; the East India Company making due provision for the protection of the Provinces of Bengal, Behar, and Orissa.

6. Nawab Mobaruck-ood-dowlah, a minor son of Meer Jaffir Alli, succeeded his brother in 1770; and a treaty was made with him to the effect that he would be allowed Sicca Rs. 31,81,991-9-0 a year. But the Court of Directors, in their despatch, dated 10th April 1771, disapproved of this arrangement, and decided that an allowance of 16 lakhs per annum would be sufficient for the support of the Nawab's state and rank while a minor. On Nawab Mobaruck-ood-dowlah attaining his majority, the allowance was not raised. This allowance of 16 lakhs a year was continued to his son and successor, Nawab Bubbur Jung, *alias* Delair Jung and Mobaruck-ood-dowlah the second; and on his death in 1810, to his son Nawab Alli Jah who succeeded him.

7. In 1821, Nawab Wallah Jah succeeded his brother Nawab Alli Jah, and received the same allowances as were drawn by his predecessor.

8. Nawab Hoomayoon Jah, a minor, succeeded his father, the late Nawab Wallah Jah, in 1824; and it was during his time that the distribution of the Nizamut stipends was transferred from His Highness' Treasury to that of the Agent, Governor General, Moorshedabad, and His Highness was allowed to draw only Sicca Rs. 57,230-11-6, or Co.'s Rs. 61,046-1-3 per mensem.

9. His Highness Nawab Syud Munsoor Alli, the present Nawab Nazim, who succeeded his father, the late Nawab Hoomayoon Jah, in October 1838, receives the same allowances as were drawn by his late father, *viz.*, Co.'s Rs. 61,046-1-3 per mensem.

Nizamut Stipends hereditary.

10. With the view to raise a fund to provide for a future increasing family of the Nawab Nazim of Bengal, and for the discharge of the debts of His late Highness Nawab Mobaruck-ood-dowlah, then Nawab Nazim of Bengal, the Marquis of Cornwallis decided in 1790 that, while the pensions paid to the relations of the Nawab Nazim or to the descendants of former Soubadars should be hereditary, with respect to the pensions granted to servants, &c., it should rest with the Nawab on the demise of the then incumbents to continue them in whole or in part to the heirs; and that of such pensions, or part of them, as might by his own

determination remain unappropriated on the demise of the incumbents, one-half should be added to his Toshakhanna, or private purse, and the other to the fund for the payment of his debts and for the support of his increasing family.

Proposed appropriation of Her Highness Munnee Begum's Stipend.

11. In 1802, during the time of His Highness Nawab Mobaruck-ood-dowlah, a Committee was appointed to revise the whole system of the Nizamut which had then fallen into great disorder; and that Committee suggested, among other recommendations, that the stipend of Sicca Rs. 1,44,000 per annum of Her Highness Munnee Begum, the mother of His Highness Nawab Mobaruck-ood-dowlah, should, on her death, be appropriated towards the creation of a fund for securing a proper and efficient superintendence of Nizamut affairs, and for providing suitable accommodation for His Highness the Nawab Nazim, and for meeting generally the exigencies of the Nizamut family.

Nizamut Agency Deposit Fund

12. Her Highness Munnee Begum died in January 1813, and in 1816 the Government concerted a plan with the then Nawab Nazim of Bengal, in accordance with the suggestion of the Committee of 1802, for the creation of a fund from the accumulations of the unappropriated stipend of Her Highness the late Munnee Begum since the date of her death, *viz.*, 10th January 1813 to 31st August 1816, and from other moneys and treasure belonging to her, for defraying the expenses of the establishment for the superintendence of the affairs of the Nizamut. The stipend received by Her Highness was Sicca Rs. 12,000 a month or Sicca Rs. 1,44,000 a year; the accumulated amount due from the date of her death to 31st August 1816 was Sicca Rs. 2,63,703-10-0, while the portion of her treasure appropriated towards this fund amounted to Sicca Rs. 4,36,296-6-0, *viz.*, Sicca Rupees of standard weight 2,17,476-6-0, and Rupees of sorts 2,18,820. The former was paid into the Collectorate at Moorshedabad, and the latter sent to the General Treasury at Calcutta for recoinage.

13. With funds thus obtained six per cent. Government Securities, as per margin, to the amount of Rs. 7,10,600, were purchased at a cost of Sicca Rs. 6,87,107-14-6 by the then Government Agents and lodged in the Collectorate of Moorshedabad.

14. Of these Securities, Rs. 7,01,000, yielding an annual interest of Rs. 42,060, was assigned for paying the salary and establishment of the Agent to the Governor General at Moorshedabad, and the residue, Rs. 9,600, yielding an annual interest of Rs. 576, was appropriated to meet the charges of the establishment at the tomb of Her late Highness Munnee Begum. The Collector of Moorshedabad was instructed to pay both these charges monthly at the above rates, and to balance in his accounts the interest due on the Securities half-yearly against those monthly payments.

Nizamut Agency Deposit Fund, or Nizamut Stipend Establishment.

15. This is the origin of the fund called "Nizamut Agency Deposit Fund," or, as styled on the books of the Accountant General, Government of India, "Nizamut Stipend Establishment."

16. From the foregoing paras. it will have been seen that the stipend of Her late Highness Munnee Begum, from the date of her death to 31st August 1816, was appropriated towards the formation of the "Nizamut Agency Fund" or "Nizamut Stipend Establishment." Out of the accumulations of her stipend from 1st September 1816 to 28th February 1823, six lakhs were, under orders of Government dated 28th February 1823, No. 648, remitted by the Collector of Moorshedabad to the then Government Agents at Calcutta for investment in Government Securities, the interest on which "is to be reinvested as received, and the paper is to be at the disposal of Government, as it may be required, for purposes connected with the Nizamut."

Munnee Begum's Deposit Fund.

17. The Accountant General was ordered at the same time to instruct the Collector to *keep the account of this deposit and of all further accumulations of the same stipend entirely distinct* from other deposits made in his treasury on account of members of the Nizamut under temporary arrangements of various kinds.

18. This deposit is called "Munnee Begum's Deposit Fund," or, as styled in the books of the late Accountant General, Government of India, and in those of the present Accountant General, Bengal, "Nizamut Stipend Fund." The object of this fund was, in the first instance, to build a palace for His Highness the Nawab Nazim, and to place in the hands of the Government a means of meeting any difficulties in which the Nizamut family might be involved.

Munnee Begum's Deposit Fund, or Nizamut Stipend Fund.

19. In April 1823, the Government Agents reported to Government the investment in five per cent. Government Securities for Sicca Rs. 5,50,200 of the six lakhs of Rupees ordered for investment, as mentioned above. The investment cost Sicca Rs. 6,00,463-13-4, and the Securities remained in the custody of the Government Agents, who recovered the excess of Rs. 463-13-4 paid by them from the interest subsequently realized on the Securities in question.

20. Of the total annual sum of 16 lakhs of Sicca Rupees assigned for the support of the Nizamut family, Sicca Rs. 1,44,000, the stipend of Her Highness Munnee Begum, was, on her death, appropriated, as stated in paras. 12, 16, and 17, to the purposes of the two funds designated "Nizamut Stipend Establishment" and "Nizamut Stipend Fund;" Sicca Rs. 60,000 a year, the stipend of Nawab Mustapha Khan, was drawn separately from the treasury at Moorshedabad, and the balance, Sicca Rs. 13,96,000 a year, or Sicca Rs. 1,16,333-5-6-3 a month, was received by His Highness the Nawab Nazim for distribution among his relatives, and for purposes of his own household and staff.

Distribution of 16 lakhs.

21. It having appeared from the accounts of the Nawab Nazim (who had the distribution of the stipends of his relations and dependants) submitted to Government by the Agent, Governor General, for audit, that His Highness misappropriated the amount of lapses which occurred in the stipends paid by him out of the sum of Sicca Rs. 13,96,000 per annum, or Sicca Rs. 1,16,333-5-6-3 per mensem mentioned above, the Government agreed, in 1823, to withdraw from the interference then exercised by it in auditing the accounts, on condition that His Highness the Nawab Nazim would consent to allow the sum of 2 lakhs of

Increments to Deposit Fund limited to 2 lakhs Sicca a year.

Rupees of lapsed stipends (*viz.*, 1,44,000 on account of the stipend of Her Highness the late Munnee Begum, and Rs. 56,000 on account of other lapses in the stipends disbursed by His Highness) to accumulate annually in the Collectorate of Moorshedabad, and that His Highness should pay into that Treasury the aforesaid sum of Sicca Rs. 56,000 a year, the stipend of Her Highness the late Munnee Begum having been disposed of in the manner noticed in paras. 11, 12, 16, and 17.

Two Lakhs Fund.

22. The sum of 2 lakhs of Sicca Rupees mentioned above constitutes what is commonly known as the "Two Lakhs Fund" and has been so called in Mr. Peachey's account. It is not, as conjectured in para. 15 of the letter under acknowledgment, a lump payment of 2 lakhs out of lapsed stipends, but is a mere title for expressing the amount at which the Government decided in 1823 to limit the annual increment to the Nizamut Deposit Fund from lapsed stipends.

Lapses up to July 1833 relinquished, and payment of Sicca Rs. 90,000 by the Nawab Nazim in 1836-37 for lapses which accumulated in his hands from that date.

23. The aforesaid sum of Sicca Rs. 56,000 a year not having, however, been paid into the Collectorate of Moorshedabad, or accumulated in the Nizamut Treasury, that is, the treasury of His Highness the Nawab Nazim, as part of the General Deposit Fund, but diverted by His Highness to other purposes, the Government decided, in orders dated 11th July 1833, in consideration of the empty state of the Nizamut Treasury, to relinquish all demands on account of these savings up to that date. In 1836, however, the payment of the Nizamut stipends to the relatives of the Nawab Nazim being transferred to the Agent, Governor General, at Moorshedabad, under orders of Government dated 25th May 1836, His Highness paid into the treasury at Berhampore the sum of Sicca Rs. 90,000 in full satisfaction of the demand of Government for the amount of lapses of stipends which had accumulated in his hands from July 1833.

Pension Deposit Fund.

24. In a letter addressed by the Secretary to the Government of Bengal, to the Agent, Governor General, Moorshedabad, dated 1st March 1836, the sum of Sicca Rs. 90,000, mentioned in para. 23 as paid by His Highness the Nawab Nazim into the treasury at Berhampore, was ordered to be credited to "Pension Deposit Fund," and the amount of lapses of stipends paid to the relatives was calculated at the time at Sicca Rs. 5,220 a month, or Sicca Rs. 62,640 a year; and this sum, together with Rs. 1,44,000 a year, the stipend of Her Highness the late Munnee Begum, in all Rs. 2,06,640, would, it was stated, be retained in the Collector's treasury and form the annual increment of the "Deposit Fund" which would be further augmented by subsequent lapses of the Nizamut stipends.

All lapses to form increments to the Deposit Fund.

25. In June 1836, the payment of the Nizamut stipends having been transferred from the treasury of His Highness the Nawab Nazim to that of the Agent, Governor General, Moorshedabad, the latter disbursed the stipends according to a statement furnished to him by Tekunloll, an officer of His Highness' household. This statement showed that the share of His Highness the Nawab Nazim in the 16 lakhs Sicca, was Sicca Rs. 57,230-11-6-3 per mensem; that the amount of stipends for the then living stipendiaries was Sicca Rs. 58,399-8-5-2 monthly; and that the amount of lapses of stipends were for Her Highness Munnee Begum Sicca Rs. 12,000, and for other

deceased stipendiaries Sicca Rs. 5,703-1-14-2 per mensem, being Sicca Rs. 483-1-14-2 more than the amount calculated in the letter from the Secretary to the Government of Bengal dated 1st March 1836 noticed above.

26. I now proceed to notice how the several funds ordered to be created, as narrated above, have been recorded on the accounts; but before doing so it is necessary to observe where and how the Government Securities purchased as mentioned above were lodged.

Government Securities where lodged.

27. From para. 13 it will have been seen that the Government Securities for Sicca Rs. 7,10,600 belonging to the "Nizamut Stipend Establishment" or "Nizamut Agency Deposit Fund" were at first lodged in the Collectorate of Moorshedabad, but in 1824 a portion thereof, to the extent of Sicca Rs. 4,61,700, was brought down from Moorshedabad, and after transfer to the 5 per cent. loan of 31st March 1823 then open, was lodged with the Government Agents at Calcutta. In November 1835 the remaining Securities for Sicca Rs. 2,48,900, which had remained with the Collector of Moorshedabad, were also brought down from that place and deposited in the Government Agency at Calcutta.

28. The Government Securities belonging to the "Nizamut Stipend Fund," or the "Munnee Begum's Deposit Fund," were, from the commencement, lodged with the Government Agents at Calcutta, as mentioned in para. 19.

29. In November 1835, the late Government Agent became the custodian of all the Securities belonging both to the "Nizamut Stipend Establishment" and the "Nizamut Stipend Fund," and continued as such till the business of the Government Agency was transferred to the Bank of Bengal in 1857.

30. While the interest on the Securities held at Moorshedabed has been regularly credited through the accounts of the Collector of that place to the "Nizamut Stipend Establishment" from 1817-18 to 1835-36, the interest on the Securities deposited with the Government Agents in Calcutta was not brought on the books of the late Accountant General, Government of India, but credited on the books of the late Government Agency.

31. From the foregoing statement it will have been seen that the investments in Government Securities and the drawal of interest thereon on account of the Nizamut Funds, was entrusted to the Government Agents in Calcutta alone, except for a short time, when the drawal of interest on the Securities belonging to the "Nizamut Stipend Establishment" was divided between them and the Collector of Moorshedabad.

Fund for defraying the expenses of the Nizamut Establishment.
Nizamut Deposit Fund.
Nizamut Fund.

32. The transactions under the Government Agents appear to have been recorded on the books of the late Government Agency under three distinct heads, *viz.*, "Fund for defraying the expenses of the Nizamut Establishment," "Nizamut Deposit Fund," and "Nizamut Fund." The last head "Nizamut Fund" was opened in 1835-36, and the books containing a record of the transactions under that head up to February 1857 have been found; but the books showing the transactions under the first two heads are not forthcoming, though repeated and careful search has been made for them.

Nizamut Fund.

33. The head "Nizamut Fund" appears for the first time on the books of the late Government Agent in 1835-36. In November 1835, the assets in cash and Government Securities,

as per margin, at credit of the "Fund for defraying the expenses of the Nizamut Establishment," and "Nizamut Deposit Fund" on the books of the late Government Agents at Calcutta, were transferred to "Nizamut Fund"; and interest on the Government Securities to the extent of Sicca Rs. 9,195-11-0, is found recorded as a credit under that head from November 1835 to April 1836; credit is also taken for a 6 per cent. Government Promissory Note for Rs. 2,48,900 received from the Collector of Moorshedabad in November 1836, and transfer thereof to the 5 per cent. Loan of 31st March 1836, and the consequent receipt of a Government Promissory Note for Sicca Rs. 2,61,345 in exchange. The debits per contra during that time are as follows:—

Balance against the Nizamut Fund on 30th April 1836.

34. As the assets in cash, as shown above, of the Nizamut Fund on 30th April 1836, were Sicca Rs. 31,634-8-9, while the debits amounted to Sicca Rs. 31,806-12-9, there was a debit balance on that date against that Fund of Sicca Rs. 172-4, or Co.'s Rs. 183-11-9.

35. The accompanying annexure marked I contains an analysis of the transactions in the late Government Agency from November 1835 to 7th February 1857, when the assets of the Fund in cash Rs. 3,893-3-5, and in Government Securities of the nominal value of Rs. 18,39,100, as per margin, were transferred to the Bank of Bengal.

36. But in November 1857 the then Sub-Treasurer, Fort William, received back from the Bank of Bengal the charge of this Fund, and Government Securities for Rs. 18,98,700 belonging thereto were made over to that officer by the Bank; and Rs. 643-12-11 found deficient in the assets in cash of the Fund to cover the fees for withdrawal of the Government Securities from the Bank of Bengal was paid by the Sub-Treasurer, Fort William, agreeably to the orders of the Financial Department No. 4724, dated 6th November 1857. This sum of Rs. 643-12-11 is included in the amount of Rs. 4,875-1-7 charged as withdrawal fee in the annexure marked II, which contains an analysis of the transactions in the Bank of Bengal on account of the Nizamut Fund for the short period it was in their custody, *viz.*, from 7th February to November 1857

37. On the abolition of the General Treasury at Calcutta, and the transfer of its business to the Bank of Bengal on 1st March 1862, the latter obtained again the charge of the Nizamut Fund and of the Government Securities belonging to it.

38. From the annexures marked I and II, mentioned above, it will be seen that, while the Government Securities belonging to the "Nizamut Stipend Establishment" and the "Nizamut Stipend Fund" were in the custody of the late Government Agents and of the Bank of Bengal previous to the abolition of the General Treasury, the credits are for interest on Government Securities belonging to the Fund, sale proceeds of Government Promissory Notes, and transferring fee on 2nd five and 3rd five per cent. Loans remitted by Government; while the debits are for purchase of Government Promissory Notes and subscriptions to open Loans; fees for renewal of Government Promissory Notes, Commission, Brokerage and Deposit fees of the Government Agent and of the Bank of Bengal, postage on letters sent, payments to Meer Ruheem Alli and Mr. Oldfield, and drafts on the Collector of Moorshedabad for pay of the Nizamut Establishment.

39. I next come to the accounts kept on the books of the late Accountant General, Government of India, and of the present Accountant General, Bengal; and they are "Nizamut Stipend Establishment" and "Nizamut Stipend Fund".

Nizamut Stipend Establishment.

40. The head "Nizamut Stipend Establishment," intended to exhibit the transactions of the Nizamut Agency Deposit Fund, was opened in 1816-17 on the books of the late Accountant General, Government of India, with a credit of Sicca Rs. 4,44,773-1-3 received from Mr. John Monckton on account of the estate of the late Munnee Begum, and of Sicca Rs. 2,63,703-10-0 on account of the stipend of Her Highness up to 31st August 1816, while the debits per contra, Sicca Rs. 7,08,476-11-3, were for sums paid to the Government Agents for investment in Government Securities, as mentioned in para. 13. The investment cost Sicca Rs. 6,87,107-14-6; and the balance of the amount paid to the Government Agents for that purpose, Sicca Rs. 21,368-12-9, was returned by them and credited in the accounts for 1817-18.

41. The accompanying annexure marked III contains an analysis of the debits and credits of this Fund from 1816-17 to 1835-36.

42. The annual income of this Fund was derived from interest on the Government Promissory Notes mentioned in para. 13, and a casual credit was given to it for Mint produce of old Rs. 1,53,200 received from Agent, Governor General, Moorshedabad, out of the treasure of the late Munnee Begum for the payment of debts of the then Nawab Nazim, against which there is a debit of Sicca Rs. 1,25,000 for the payment of such debts.

43. The head "Nizamut Stipend Establishment" appears on the books of the late Accountant General, Government of India, from 1816-17 to 1842-43, excepting in the years 1838-39 and 1839-40, when the transactions of this Fund were recorded under "Nizamut Stipend Fund." Since 1843-44, the latter head continues to include the receipts and charges of the "Nizamut Stipend Establishment," which has now no distinct and separate record for itself on the books of the Accountant General, Bengal.

44. Two years after the formation of the Fund styled "Nizamut Stipend Establishment" it showed signs of insolvency. The debit or credit balances of this Fund at the end of each official year, from its creation in 1816-17 to 1827-28, are given in the margin.* In June 1824, the then Accountant General, Mr. Wood, reported to Government that, in consequence of the reduction of the interest on Government Securities from 6 to 5 per cent. per annum, the income of the "Nizamut Stipend Establishment" would be reduced from Rs. 42,636 to Rs. 38,019, and that it was for Government to determine whether the establishments of the late Munnee Begum's Tomb and of the Agent to the Governor General were to be reduced in proportion to the reduction of the interest, or to remain on the scale originally authorized.

45. On the 1st October 1824, the Government decided that the establishment of the Agent, Governor General, should remain on the scale originally sanctioned, notwithstanding the deficiency noticed in the particular Fund assigned for its maintenance; but that the allowance for the tomb of the late Munnee Begum should be defrayed from the Nizamut Deposit Fund from the 1st October 1824.

46. In June 1829, the then Accountant General, Mr. Morley, reported a debit balance against the "Nizamut Stipend Establishment" on 30th April 1828 of Sicca Rs. 89,155-9-1, while the balance as shown on his books of 1827-28 against that Fund was Rs. 93,386-4-4. The excess of Sicca Rs. 4,230-11-3 in the books, I beg to observe, is in consequence of the corrective entries for the transfer to the "Nizamut Stipend Fund" not having been made in the books until 1828-29 of the charges of the tomb of Her Highness the late Munnee Begum from 1st October 1824 to 31st March 1828, Sicca Rs. 2,016, and of the Regimental allowance of Captain D. Macleod, Superintendent of the Palace, then being erected for His Highness the Nawab Nazim of Moorshedabad, from July 1825 to February 1826, Sicca Rs. 2,214-11-3.

47. In orders dated 10th July 1829, the Government decided, with reference to the growing deficiency in the income of the "Nizamut Stipend Establishment" account that, to the principal of the deposit made in 1816-17, must be added such a portion of the "Nizamut Deposit Fund" which has since accumulated, either in the hands of the Government Agent or the treasury of the Collector at Moorshedabad, as would produce a capital sum equal, at the rate of 5 per cent. interest, to the full payment of the Agent's salary and establishment as then constituted, and that the deficiency of Sicca Rs. 89,155-9-1 on 30th April 1828 reported by the Accountant General in the "Nizamut Stipend Establishment" should also be supplied from the "Nizamut Deposit Fund."

48. On the report, however, of the Accountant General, dated 16th November 1829, the Government, in a letter dated 20th idem, authorized that officer, in modification of the above orders, to charge the "Nizamut Deposit Fund" with the aforesaid balance of Sicca Rs. 89,155-9-1, due on account of Nizamut Establishment; and that, whenever the receipts on account of interest

should fall short of the annual charge for the Establishment of the Agent, Governor General, Moorshedabad, to debit the difference to the "Nizamut Deposit Fund."

* Inclusive of the debit balance of Sicca Rs. 93,386-4-4 in 1827-28.

49. In accordance with this order, the debit balance against the "Nizamut Stipend Establishment," Sicca Rs. 93,386-4-4, on the books of 1827-28, and the yearly deficiency or surplus under that head in following years up to 1842-43, as noted in the margin, have been transferred to the account maintained under the title "Nizamut Stipend Fund."

Nizamut Stipend Fund.

50. The "Nizamut Stipend Fund" was first opened on the books of the late Accountant General, Government of India, in 1826-27. The accompanying annexure marked IV, exhibits the details of the receipts, charges, and balance at credit of the Fund in each year from 1826-27 to 1835-36. It will be seen that the receipts of this Fund as recorded on the books of the late Accountant General are—

Stipends of Her Highness the late Munnee Begum, Sicca Rs. 12,000 a month, or Sicca Rs. 1,44,000 a year.

Recoveries of Loans granted to members of the Nizamut family.

Drafts of the Government Agents in Calcutta on the Collector of Moorshedabad;

And the Charges are—

For Nizamut Buildings;

„ Nizamut College;

„ Tomb expenses of Her Highness the late Munnee Begum;

„ Purchase of horses, plate, pinnace, &c., for His Highness the Nawab Nazim;

„ Purchase or grants for houses for members of the Nizamut family;

„ Donations to defray marriage expenses of members of the Nizamut family;

„ Deficiency in the Income of the Nizamut Stipend Establishment;

„ Loans granted to members of the Nizamut family;

&c., &c., &c.

51. Of the items of Receipts, the drafts of the Government Agents in Calcutta on the Collector of Moorshedabad are for sums paid out of funds in the hands of the Government Agents for the marriage expenses of His Highness the Nawab Nazim of Moorshedabad, Sicca Rs. 2,00,000, of the adopted daughter of Ameeroonissa Begum, Sicca Rs. 80,000, and of Meer Munglee's daughter, Sicca Rs. 20,000; and for loan given to Wahed Hossain Khan, Sicca Rs. 7,000.

52. The balance at credit of this Fund on 30th April 1836, as shown on the books of the late Accountant General, Government of India, and in the annexure marked IV, was Sicca Rs. 9,57,900-10-7, or Co.'s Rs. 10,21,760-11-4.

53. The annexures marked V and VI contain analysis of the transactions of the "Nizamut Stipend Establishment" and of the "Nizamut Stipend Fund," as recorded on the books of the late Accountant General, Government of India, and of the present Accountant General, Bengal, from 1st May 1836 to 31st March 1868, and exhibit a balance in favor of the Nizamut Stipend Fund of Co.'s Rs. 10,73,507-15-4.

Pension Deposit Fund.

54. The account of Pension Deposit Fund, that is, of lapsed stipends ordered on 1st March 1836 and noticed in para. 24, has never been maintained either on the books of the late Accountant General, Government of India, the Accountant General, Bengal, the Collectorate of Moorshedabad, or the Agent, Governor General, Moorshedabad.

55. Having thus briefly given a history of the several Funds which have been formed or ordered to be formed for the benefit of the Nizamut Family, I proceed to notice the several points raised in connection with Mr. Peachey's account of the Nizamut Stipend Fund.

Opening Balance in Mr. Peachey's account, how obtained.

56. First, as regards the opening balance of Co.'s Rs. 10,21,576-15-7 in Mr. Peachey's account. From what has been stated it will have been seen that the earliest time that any one of the several Nizamut Funds under the control of the Government had an existence was in the year 1816-17, that since then several other funds have been formed, which remained in the management of the Collector of Moorshedabad, the Government Agents at Calcutta, the late Accountant General, Government of India, and the Accountant General, Bengal. The charge of the Collector of Moorshedabad ceased in November 1835, on the Government Securities lodged with him having been transferred to the custody of the Government Agents and added to the stock in their hands belonging to the Nizamut Funds. The yearly income of the Nizamut Funds, which passed through the hands of the Government Agents, was derived from interest on the Securities in their custody; and the expenditure made by them was for drafts on the Collector of Moorshedabad to pay the Nizamut Establishments and for investments in Government Securities. The balance on this account in the hands of the Government Agents on 30th April 1836 was, however, against the Fund to the extent of Sicca Rs. 172-4-0, or Co.'s Rs. 183-11-9, as stated in para. 34. But the balance which stood on the books of the late Accountant General, Government of India, on the same date, *viz.*, 30th April 1836, having been Sicca Rs. 9,57,900-10-7, or Co.'s Rs. 10,21,760-11-4, in favor of the Fund, as mentioned in para. 52, the difference, Co.'s Rs. 10,21,576-15-7, constituted the opening balance in the account of Nizamut Stipend Fund, from May 1836 to 31st March 1868, prepared by Mr. Peachey.

57. It must be borne in mind that this balance of Co.'s Rs. 10,21,576-15-7 is not on account of accumulations of lapsed stipends, as supposed in para. 12 of Mr. Hollingbery's letter under acknowledgment, but is the residue of the assets derived from the interest on the Government Securities which have been bought from the proceeds of the personal property of Her Highness Munnee Begum, and the accumulations of her stipend from the date of her death to 28th February 1823, and from the annual increment to the Nizamut Stipend Fund of her annual stipend from 28th February 1823.

58. With reference to para. 14 of the letter under acknowledgment, I beg to observe that the amount of the Government Promissory Notes for the original investments on account of the Nizamut Funds was Rs. 12,60,800, as mentioned in paras. 13 and 19 of this report; that during the years 1825, 1826, and 1828 a portion of the Securities in the hands of the Government Agents was sold as reported in their letter dated 7th September 1830, with a view to provide funds for the payment of four drafts for Sicca Rs. 3,07,000 drawn by the Collector of Moorshedabad upon them, in favour of the Sub-Treasurer, for the reimbursement to Government of a like sum advanced from that Collectorate for the marriage expenses of the three daughters of the late Nawab Nazim, and of the then living Nawab Nazim himself, and for the loan granted to Wahed Hossain Khan; that by such sales the amount of Securities was reduced to Rs. 10,35,600 on 30th April 1829, and that subsequent investments raised it to Rs. 11,92,745 on 1st May 1836.

Discrepancy between the amount of Government Securities originally bought and that held in balance on 30th April 1836, explained.

59. From the accompanying annexure marked VII, detailing the causes of the large difference of Co.'s Rs. 55,33,261-7-3 between the closing balance on 31st March 1868, as shown in Mr. Peachey's account, Rs. 66,06,769-6-7, and that exhibited in the books of the Accountant General, Bengal, Rs. 10,73,507-15-4, it will be seen that the difference is, as explained in para. 35 of Mr. Peachey's report, principally attributable to the credit taken by him of the amount of lapsed stipends, which, though directed in the orders of Government of 1st March 1836 to form increments to the Nizamut Stipend Fund, have not been duly credited to that fund by a per contra debit to the general revenues in the books of the late Accountant General, Government of India, and the Accountant General, Bengal.

Difference between the balance on 31st March 1868 as shown in Mr. Peachey's Account, and that exhibited on the books of the Accountant General, Bengal, explained.

60. Next, as regards the place where the amount of the large difference of Rs. 55,33,261-7-3 in the balance on 31st March 1868, in favor of the Nizamut Stipend Fund noticed above, has been lodged and kept, I have to report that, although the orders of Government, dated 1st March 1836, prescribed the credit of the annual amount of lapsed stipends, Sicca Rs. 62,640, which was then ascertained to have accrued, as also of subsequent lapses of Nizamut Stipends to "Pension Deposit Fund," and although the orders of Government in each individual case of death of a Nizamut stipendiary directed the credit to "Nizamut Deposit Fund" of the saving that occurred, yet no actual credits of such lapsed stipends under the head of "Nizamut Stipend Fund" by debit to general revenues, as is done annually for the stipend of Her Highness the late Munnee Begum, were ever made on the Government books.

How and where the difference has been lodged and kept.

61. Neither were such lapsed stipends ever drawn from the treasury at Berhampore, for since the Agent, Governor General, assumed charge of the payment of the Nizamut Stipends in June 1836, the Nawab Nazim draws only his personal share Sicca Rs. 57,230-11-6, or Co.'s Rs. 61,046-1-3 per mensem, and the Agent, Governor General, obtains requisite funds from that treasury for payment of stipends of only living stipendiaries. Cases, however, have occurred in which payments were made even after the death of the stipendiaries to the heads of the family who drew their stipends, but in such cases the payments were duly refunded.

62. It was mainly with a view to ascertain the amount of lapses of Nizamut Stipends from May 1836 that Mr. Peachey was deputed to Berhampore

and I beg to observe, that while, on the one hand, the amount of lapsed stipends was found by setting against the fixed allowance of 16 lakhs Sicca 1*stly*, the amount of 2 lakhs of lapsed stipends fixed under orders of Government of February 1823 as the annual increment to the Nizamut Deposit Fund, and 2*ndly*, the actual payments to the Nawab Nazim and his relatives and dependants payable therefrom, on the other hand, separate statements, annexures VIII and IX, were prepared of all lapses from the reports of deaths submitted by the Agent, Governor General, Moorshedabad, and the orders of Government thereon from May 1836 to July 1868.

63. On an inspection of the annexures VIII and IX, it will be seen that while the latter, prepared from the former, exhibits only the cumulative amount of lapsed stipends at the close of each year, the former shows in detail of names the amount of stipends of deceased stipendiaries, the portion re-settled on their heirs and dependants, the amount of lapses monthly and annually, the fresh stipends sanctioned by Government, their monthly and annual amounts, the amount of lapses for broken parts of the year in which they occurred, and the amount of increase of stipends for broken parts of the year in which they have been sanctioned.

64. The annexure, marked B, of Mr. Peachey's report, not only embodied the results shown in the annexures marked VIII and IX, but included besides, the lapsed stipend of Her Highness Munnee Begum, Sicca Rs. 1,44,000 a year, and the amount of other lapsed stipends, Sicca Rs. 5,703-1-14 per mensem, or Sicca Rs. 68,437-4-14 per annum, on 1st May 1836, shown in the detailed list of Nizamut stipendiaries furnished by Tekun Loll, an officer of the household of the Nawab Nazim, as mentioned in para. 25.

65. The amount of lapsed stipends for which credit has been taken by Mr. Peachey in his account is, as per margin, Rs. 55,22,033-15-7; while the amount calculated from sources different from those availed of by Mr. Peachey as explained in paras. 61 to 63 is, as noted in the margin, Rs. 54,86,051-11-3, being only Rs. 35,982-4-4 less than Mr. Peachey's figure. This difference is in consequence of stoppages of stipends arising from the minority of the stipendiaries, and other causes not having been reckoned as lapses in annexure VIII.

66. It will thus be seen that the amount of lapsed stipends for which credit has been taken in Mr. Peachey's account, has not been withdrawn from the treasury at Berhampore, but represents the accumulated amount of undisbursed lapsed stipends.

67. I next proceed to notice the discrepancy apparent on a comparison of the amount of lapses shown by Mr. Peachey with that deducible from the charges shown as Nizamut Stipends in the Annual Finance and Revenue Accounts, noticed in paras. 8 to 10 of Mr. Assistant Secretary Hollingbery's letter under acknowledgment.

Difference between the amount of lapsed stipends shown in Mr. Peachey's account and that calculated from data furnished in the Finance and Revenue Accounts, explained.

68. In the annual Accounts of Territorial Revenues and Disbursements of the East India Company from 1836-37 to 1853-54, lump sums (vide annexure marked X), on account of Allowances and Assignments payable out of Revenues in accordance with Treaties and other Engagements, have been deducted from the Revenues of the Bengal Presidency without any specification of details of such allowances and assignments. But in similar accounts (which have been styled Finance and Revenue Accounts of India from 1858-59) for the years 1854-55 to 1867-68, stipends and allowances of the Nizamut have been charged in detail (vide annexure marked XI). The sums so charged amount, during the 14 years ending 31st March 1868, to £2,291,832, or Rs. 2,32,32,714,* as mentioned in para. 8 of the letter under acknowledgment, while the fixed Nizamut allowance of 16 lakhs Sicca, or Co.'s Rs. 17,06,666-10-8 a year for the same period, amounts to Co.'s Rs. 2,37,51,111, leaving a surplus of the fixed allowance to the extent of Rs. 5,18,397 on account of lapsed stipends.

69. Before judging of the correctness or otherwise of this mode of calculation of lapsed stipends, I beg to remark that the several branches of the Nizamut family may be classed into—

1*st.*—Nizamut family proper,	3*rd.*—Purneah family, and
2*nd.*—Rajmehal family,	4*th.*—Chitpore family.

70. To the first or Nizamut family proper, that is, the family and dependants of the Nawab Nazim of Bengal, or in other words, the heirs and dependants of the late Meer Jaffir, stipends are paid out of the fixed or guaranteed sum of 16 lakhs Sicca; while to the second, third, and fourth classes, *viz.*, Rajmehal, Purneah, and Chitpore families, who may be described as the heirs and dependants of the late Serajoodowlah, separate allowances are given out of the general revenues, but not from the fixed sum of 16 lakhs Sicca.

71. On a reference to the annexure marked XI, showing the stipends and allowances of the Nizamut family, charged in the Finance and Revenue Accounts from 1854-55 to 1867-68, both years inclusive, it will be seen that, while the items marked N are undoubtedly sums paid out of the 16 lakhs Sicca, that marked O, being for the Rajmehal family, is not paid therefrom; and that those marked M are of a mixed character, including, as they do, stipends of less than Rs. 20,000 a year of the Nizamut, Purneah, and Chitpore branches of the Nizamut family.

72. As the details given in the Annual Receipts and Disbursements from which the Finance and Revenue Accounts have been prepared do not furnish any information in respect to the particular branches of the Nizamut family to which the stipends of less than Rs. 20,000 a year belong, and do not even give names of all the stipendiaries to whom such stipends have been paid, it is quite impracticable to say how much of the amounts charged in the Finance and Revenue Accounts was paid out of the fixed allowance of 16 lakhs Sicca. I may observe here, that it was in consequence of the great difficulties which attended the efforts at first made in this office for ascertaining the amount of lapsed stipends from records available in this office, and procured from the offices of the Foreign and Home Departments and of the Secretary to the Government of Bengal, that Mr. Peachey was deputed to Berhampore, that he might there more readily collect the necessary information from the records of the Agent, Governor General, and the Collector of Moorshedabad.

* Including Rs. 3,14,394 on account of difference of exchange between 2 shillings, the present rate, and 1*s.* 10½*d* the rupee at which the accounts for the first three years of the period were framed.

73. It should be observed that the stipends of the Rajmehal, Chitpore, and Purneah branches, though continued at the present time, have never been guaranteed, and that on the occasion of deaths of such stipendiaries, their stipends, if not re-settled on their heirs and dependants, are resumed and ordered to be carried to credit of Government in the orders which are passed by the Government of Bengal on such cases. But in respect to the stipends of the Nizamut family proper which are paid out of the 16 lakhs Sicca, a different course is followed, for lapses which occur from deaths among such stipendiaries are not resumed, but ordered to be credited to the Nizamut Deposit Fund: cases, however, have occurred for a short time in which the Government of Bengal, during the administration of the Marquis of Dalhousie, ordered the resumption of such lapses in the stipends paid out of the 16 lakhs Sicca, in accordance with the course which His Lordship advocated, that all the legitimate requirements of the Nizamut family should be provided from the general revenues of the Empire, and that it was not necessary to keep up a fiction of a Nizamut Deposit Fund. But the Honorable the Court of Directors not having approved of the suggestions of Lord Dalhousie, the former practice was resumed; and accordingly the lapses of stipends paid out of the 16 lakhs Sicca ordered to be resumed to Government during the time of Lord Dalhousie, have been included in the amount of lapsed stipends shown in column 10 of Mr. Peachey's account, as also in the list of lapses marked VIII, as forming increments to the Nizamut Deposit Fund.

74. From the foregoing remarks it will be seen that, as the amount charged in the Finance and Revenue Accounts under Stipends and Allowances of the Nizamut, include not only the payments out of the 16 lakhs Sicca, but also the stipends paid to the Rajmehal, Chitpore and Purneah branches of the Nizamut family which are not payable therefrom, it is not correct to calculate the amount of lapsed stipends by deduction of the amount so charged in the Finance and Revenue Accounts from the fixed allowance of 16 lakhs Sicca.

75. The circumstances which render it impracticable to say how much of the charges in the Finance Accounts from 1854-55 to 1867-68 was paid out of the 16 lakhs Sicca operate likewise on the Accounts of Territorial Revenues and Disbursements from 1836-37 to 1853-54. It is therefore impossible to report, as desired in para. 8 of the letter under acknowledgement, the short payments on account of the stipends of the Nizamut family proper from 1st May 1836 to 30th April 1854.

Mr. Peachey's account is not a Cash account.

76. In para. 2 of Mr. Assistant Secretary Hollingbery's letter No. 2270, dated 31st July last, under acknowledgement, it is observed that the sum of Rs. 66,06,769-6-7 in favor of the Nizamut Stipend Fund on 31st March 1868, as shown Mr. Peachey's report, "*is the Balance of an account which Mr. Peachey has confined strictly to actual Cash transactions.*" This inference has been made from what seems to be a misapprehension of Mr. Peachey's meaning in para. 9 of his report, where he says, that "in that paper and its annexures the absolute cash payments have been dealt with, the balances are therefore *bonâ fide* cash balances." This remark led to the conclusion that the entire sum of 16 lakhs Sicca per annum was paid out of the Government Treasury at Berhampore in the first instance. But the fact is, as stated before, that the entire sum of 16 lakhs Sicca, or Co.'s Rs. 17,06,666-10-8 per annum, has not been paid out from the treasury at Berhampore, or charged in any way against the general

revenues of India for any year from 1st May 1836; and that although the receipts given by His Highness the Nawab Nazim, under the sanction of Government dated August 1836, are for the entire amount of 16 lakhs Sicca per annum yet the payments actually made to him personally are only at the rate of Sicca Rs. 57,230-11-6-3, or Co.'s Rs. 61,046-1-3 per mensem, excepting for a short time, when it was reduced by Sicca Rs. 80, or Co.'s Rs. 85 per mensem, on account of the stipend of Meer Muhmud Ali, who was permitted to receive it from the treasury of the Agent, Governor General, Moorshedabad. On the death, however, of Meer Muhmud Ali in October 1847, his stipend reverted to His Highness, under orders of Government dated 19th July 1848.

77. In the account of the Nizamut Stipend Fund, annexure A of Mr. Peachey's report, the entire sum of 16 lakhs Sicca, or Co.'s Rs. 17,06,666-10-8, is entered in the second column, not because it was actually disbursed every year, but because it formed the basis of his calculation of lapsed stipends by setting against it the actual cash payments to His Highness the Nawab Nazim shown in column 5, to other Nizamut stipendiaries in column 7, and the fixed sum of 2 lakhs Sicca, or Co.'s Rs. 2,13,333-5-4 per annum, shown under 2 Lakhs Fund in column 3, (*viz.*, Sicca Rs. 1,44,000, or Co.'s Rs. 1,53,600 the stipend of Her Highness Munnee Begum, and Sicca Rs. 56,000, or Co.'s Rs. 59,733-5-4 for other lapsed stipends) at which the Government decided in 1823, the annual amount of increment to the Nizamut Deposit Fund for lapsed stipends should be limited.

Increase of upwards of 40 lakhs in the balance on 31st March 1868, over that on 30th April 1854.

78. I next come to the increase of Rs. 40,25,529-10-7 in the balance of the Nizamut Stipend Fund on 31st March 1868, over that on 30th April 1854, noticed in para. 9 of the letter under acknowledgement. On an inspection of the accompanying annexure marked XII, which has been prepared from the detailed statement of lapses from 1st May 1836 to 31st March 1868, annexure marked VIII, it will be seen that while during the period from 1st May 1836 to 30th April 1854, the lapsed stipends amounted to only Co.'s Rs. 14,15,927-10-11, during the second period, *viz.*, from 1st May 1854 to 31st March 1868, they aggregated Co.'s Rs. 40,70,124-0-4, showing an excess of Co.'s Rs. 26,54,196-5-5.

79. This excess in the second period as contrasted against the first may be explained to have arisen from the fact of the amount of lapses during the first period having been considerably reduced by the additional expenditure sanctioned by Government under orders dated 20th February 1839 and 1st February 1841, on account of the stipends, as per margin, of Raissoonissa Begum and others, who were assigned fresh pensions, or who received increases to their existing stipends on the death of the late Nawab Nazim Hoomayoon Jah, and the accession of the present Nawab Nazim in October 1838. But on the demise of Her Highness Buboo Begum in 1848-49, and of Her Highness Omduttoonissa Begum *alias* Khorshed Mehal in 1850-51, the lapses received large accessions of Sicca Rs. 42,005 a year on account of the stipend of the former, and of Sicca Rs. 43,205 a year on account of the stipend of the latter.

	Per mensem.	Per annum.
	Sicca Rs.	Sicca Rs.
Khorshed Mehal, Increase ...	3,350	40,200
Raissoonissa Begum	2,680	32,160
Mobaruck Mehal ...	500	6,000
Usbrufloonissa Begum ...	400	4,800
Gateerah Begum ...	250	3,000
20 Khowasses of the late Nawab Hoomayoon Jah	575	6,900
	7,755	93,060

80. It will thus be seen that, while the first period, 1836-37 to 1853-54 had to contend against fresh charges and received the benefit of the large lapses mentioned above for only a short time; the second period, 1854-55 to 1867-68, has not only had the full benefit of those large lapses, but received fresh accessions thereto, and had only to cover in 1867-68 a casual charge of Sicca Rs. 35,645-3-0, on account of the grant, under orders of 11th December 1867, of a stipend of Sicca Rs. 250 a month, with retrospective effect from 14th May 1856, to Syud Munsoor Alli Khan.

81. The increase in the amount of lapses during the second period over that of the first period accounts for Co.'s Rs. 26,54,196 of the excess of upwards of 40 lakhs of the balance on 31st March 1868, over that of 30th April 1854, noticed in para. 9 of the letter under acknowledgment. The remainder of the excess arose wholly from a decrease during the second period in the charges for Nizamut Buildings Co.'s Rs. 6,15,288, for investment in Government securities Co.'s Rs. 5,05,981, for State Ceremonials Co.'s Rs. 2,49,147, and for Minority Claims Co.'s Rs. 3,27,294.

Verification of the charges for Nizamut Buildings by the P. W. Department.

82. Referring to para. 17 of Mr. Assistant Secretary Hollingbery's letter under acknowledgment, I beg to state that the Controller of Public Works Accounts, Bengal, has reported in a letter dated 6th September last, No. 6221, that none of the charges for Nizamut Buildings detailed in the annexure marked F, of Mr. Peachey's report have been included in the Public Works Accounts, as no charges against the Nizamut Fund were incurred by the Public Works Department prior to April 1868.

Future course of adjustment of the Nizamut allowance of 16 lakhs Sicca per annum.

83. With advertence to para. 16 of the letter under acknowledgment, I have the honor to observe, that if the Government of India should now determine finally that all lapsed stipends other than that of Her Highness the late Munnee Begum, which is already an income of the "Nizamut Stipend Fund," should also form increments to the receipts of that Fund, it will be necessary and expedient, in order to avoid all complications in future, to charge every month the General Revenues with a twelfth of the annual sum of 16 lakhs Sicca, or Co.'s Rs. 17,06,666-10-8, by a credit to Nizamut Stipend Fund, and to debit the Fund with the payments of the stipends when made; care, however, being taken that the stipends of the Rajmehal, Purneah and Chitpore branches of the Nizamut family, which are not payable out of the 16 lakhs Sicca, are not debited against the "Nizamut Stipend Fund." The above course will leave intact the amount of lapses at the credit of the Fund, and will save a vast amount of trouble for ascertaining their amount in future.

I have the honor to be,

SIR,

Your most obedient Servant,

E. F. HARRISON,

Comptroller General of Accounts.

Annextures marked I to XII referred to in the letter from the Comptroller General of Accounts, to the Secretary to the Government of India, Financial Department, No. 1499, dated 7th March 1870.

			Rs. A. P.	
Agency.	Increase	44,491 1 10		Arose from the inclusion in Mr. Peachey's Account of Military pay of Officers who held the appointment of Agent, Governor General, Moorshedabad, Rs. 47,643-4-0 as shown in annexure H of Mr. Peachey's report and explained in paras. 32 and 33 thereof; of the salary of the establishment for March 1862 included in the Inefficient Balance of 1861-62, but erroneously adjusted in 1862-63 to debit of Political Agencies and other Foreign Services on the Books of the Accountant General Bengal, Rs. 1,294; and of the amount of Income Tax levied from the Establishment in February 1861, Rs. 7-6, the charge for the Establishment having been shown less to that extent in that month. On the other hand the amounts included in the books of the Accountant General, Bengal, but excluded from Mr. Peachey's Account are Rs. 189-6 in 1863-64, Rs. 2,134-1 in 1864-65 and Rs. 0-1-2 in 1866-67. The omissions were made with a view to remove a double debit, the amounts in question which were advances of salary having been debited to the fund at the time they were made and again after regular audit of the Salary Bills.
Miscellaneous Decrease		2,71,105 11 9		Caused by the exclusion of sums which were included in the Books of the Accountant General, but omitted from Mr. Peachey's Account, and the inclusion in the latter of sums taken from the books of the late Government Agent, Calcutta, and the Bank of Bengal. The sums omitted are as follow :—
1837-38.	Investment in Company's Paper of the accumulation of the stipend of Syud Gholam Abbas	2,901 5 4		Syad Gholam Abbas was a minor at the time, and during his minority a portion of his stipend was deposited in the Treasury of the Collector of Moorshedabad, the investment having been made from such deposits and on account of the stipendiary was incorrectly debited to the Nizamut Stipend Fund. It has therefore not been taken in Mr. Peachey's Account.
1839-40.	Paid to Her Highness Ameeroonissa Begum for liquidating the debts incurred by Pearoonissa Khanum during the time her son Syud Gholam Abbas remained in her charge ...	1,982 14 6		These are payments out of deposits of individual stipendiaries; they have no connection whatever with the Nizamut Stipend Fund.
